

The image shows a standard European energy label for a MORA OV981GBX unit. At the top left is the EU flag. To its right, the word "ENERG" is written in large letters, with "енергия · ενεργεια" below it. Further right are four small circles containing the letters Y, IE, IJA, and IA. Below this header, the brand name "MORA" and model "OV981GBX" are displayed. The main part of the label features a vertical scale of energy efficiency classes from A+++ (green) at the top to D (red) at the bottom. A black arrow points to the "B" class. To the right of the scale, a box contains the value "59.2 kWh/annum". Below the scale are four icons: a fan, a lightbulb, water droplets, and a speaker. Each icon has a corresponding class scale below it (A B C D E F G). The noise level is indicated as "63 db". At the bottom left, the text "65/2014" is present, and on the right side, the number "736251" is written vertically.
