

The image shows a standard European energy label for a MORA OP532W appliance. It features the EU flag and the word 'ENERG' in multiple languages. The energy efficiency class is C, indicated by a black arrow pointing to the 'C' bar in the scale. The annual energy consumption is 41 kWh/annum. The label also includes icons for fan speed, energy efficiency class, water consumption, and noise level (63 db). The reference number 65/2014 is at the bottom left, and the product code 733544 is on the right side.
